

MPhil Agricultural Economics (Coursework)

Programme code

07255251

Due to capacity constraints, there may not be an intake of new students for every degree every year. It remains the applicant's responsibility to ensure that the degree they wish to apply for, will indeed be offered. In addition to the fields of specialisation, options are offered under the various specialisation fields, eg MPhil Accounting Sciences with an option in Fraud Risk Management, which enables the candidate to make a selection and expand specific focus areas within the existing fields of specialisation.

For more information, please consult the Faculty webpage.
