Postgraduate Certificate in Education (PGCE)

The Postgraduate Certificate in Education (PGCE) consists of a university-based learning (UBL) component and a school-based learning (SBL) component. The UBL component is presented in the format of learning shops during which students construct a practice theory of and for education. For the purpose of the SBL component, students are placed in two partnerships schools with different compositions for 8 weeks each (a total of 16 weeks), during which they engage in education practice while they are supported and assessed by qualified mentor teachers and university lecturers. The choices in compiling the package have to be approved by the package coordinator before registration.
